

# RIVER CROSSING

## **Problem**

To get a team of people over a marked out river using the materials supplied.

## **Limitations**

1. Only the material provided can be used.

## **Materials**

1. 5 x Sheets of paper
2. Masking Tape

## **Rules**

1. Mark the shores of a river (minimum of 3m apart).
2. The team must cross the river.
3. Once a stepping stone is in place it cannot be moved.
4. If a stepping stone is not being stood on it will be washed away.
5. Success is getting the whole team across the river.
